HUNGARY**CONTROL
U.S. OFFICIALS ONLY**GENERAL INFORMATION ON HUNGARIAN FACTORIES1. BARTAGEPEK ES MECHANIKAI SZALLITOBEREKENDEZESI GYARA R.T. (BART)

Premises: Ujpest Baros u. 93-93, 120 workers.

Well equipped factory, whose work program consists of:

Iron constructions, cranes, bridges, pit elevators,
and various types of transport equipment.2. BUDAPESTI SZALOTORJANI GEGYAR ES VASONTOTEK R.T.

Premises: Budapest 6, Vaci ut. 19, 230 workers.

This factory has developed again considerably since the war, but still has a lot of old machines. The lathes which they are turning out are not high quality and of an old-fashioned construction.

3. CSONKA JAKOS GEGYAR R.T.

Premises: Budapest 11, Fehervari ut. 50, 645 workers.

This factory is well equipped. With various machines together, this firm's yearly capacity of aluminium pistons is 30% of that of the whole country.

4. DANUVIA IPARI ES KERESKEDELMI R.T.

Premises: Budapest 14, Angol ut. 10-20, 700 workers.

A first class factory equipped with the most modern machines. For reparations it is producing alarm clocks at the rate of 250,000 per year. Up till 1945 at the end of the war, it was the largest machine gun factory in Hungary, turning out machine guns on the GEBAUER system.

5. HEMARU-FEGYVER-ES GEGYAR R.T. (LAMPART)

Premises: Budapest 10, "Csergely ut. 22, 1400 workers.

Produces high quality machine tools, but has a low capacity of some 30 a year. For reparations, up to mid 1947, the firm could only deliver enamelled "coalitions-apparate", since the works delivered insufficientirosta steel.

6. FEHETECHNIKA LTD. ES VILMOS KULONLEGES GEPER GYARA

Premises: Budapest 7, Csengery u. 22, 300 workers.

Has a yearly production of 200 lathes

type. This factory was taken over by the Ministry of Industry, following the departure from South America mid-1947, of the owner, who took all capital with him.

7. GANZ & CO.

Is delivering 20% of the total Hungarian reparations.

8. ROTHBERG-SCHNAPF-BAYDON-SCHTEL-ORSH-FACTORY-ROXYANI R.T.

premises: Budapest 6, Bajcsy-Zsilinszky ut. 57, 2,100 workers.

Has a very large working capacity. repertoire consists of:

Agricultural machines and equipment.

Reactors

Textile machinery

Centrifugals for the chemical and machine industry

Machine tools (shaping, planing machines).

9. HERBERT-DE-SCHIND-ACEL-ES-LEHAR-ROXYAN R.T.

premises: Budapest 10, -ortó u. 24, 50 workers.

Steel and metal foundry with up to date equipment;

is the only plant in the country which can turn out

Widia(Krupp) hardmetal products.

10. MIYAS

Among the reparations tasks of this factory, which still has 10,000 workers, is the delivery of rollers to be installed in rolling mills in Russia.

11. ROXYAN-BAU-LEHAR R.T.

premises: Budapest 6, József Attila ut. 11.

Adequate and regular production of aluminum blocks

by this factory is prevented by a lack of soda ash.

12. ROXYAN-OTIKAI-LEHAR R.T.

Is to-day a Soviet concern, with some 100 workers. Was badly damaged during the war, but since re-equipped with modern machines.

U.S. OFFICE

13. HITE IPARMVEK R.T.

Premises: Esztergom and Budapest 6, Bajcsy-Szilinszky ut.
61, 250 workers.

Manufactures Budapest Salgotarjani Gephyar shaping machines, which though accurate are of an old-fashioned and unsatisfactory type. Yearly capacity: 60 machines. Plans were made to copy shaping machines of the German NOTAN works, but for lack of capital this could not be done. If export possibilities improve, the experiment will be made once more.

14. QUALITAL FEMONT GDB

Premises: Budapest 10, Liget u. 22.

Specialises in making aluminium pistons for

50X1-HUM
trucks15. REMEX ELEKTROTECHNIKAI GYAR Rt.

Produces Voltmeters and resistance meters.

16. GYAR RADIATOR GYAR Rt.

Is only a moderately well equipped factory, with some 360 workers, producing for reparations pit trucks in addition to heating equipment.

17. GYAR SZELLESZU MUVER ES BERGZA Rt.

Premises: Budapest 14, Illosvai ut. 8-12, 160 workers.

Is a well-equipped factory engaged mainly on iron constructions. Delivers 200 pit trucks a year for reparations.

18. ROESSMANN ES HARMATTA Rt.

Premises: Budapest 4, Somogyi Bela ut. 22, 640 workers.

Is one of Hungary's most modern factories, with a programme which includes welded pipes, switch points, dredgers, cranes and pit trucks.

The pit trucks being produced by factories

16, 17 and 18 above are of two kinds, one of normal Hungarian type, the other according to Russian design. The latter is massive, solid and over-dimensioned for the European market.
